I thought maybe you would like to hear from me a little sooner so I'm dropping this card with a few lines on it to let you know I'm feeling fine and everything is going along swell - I'm getting your 4 mails and all the packages you sent. How's everything at home? fine I'm sure. Take good care of yourselves and everything at home.

I'm glad to hear you are getting all my letters and like them - a fourteen page letter is on its way to you now. God bless all of you, say hello to all for me. Love & kisses - Lurie -

I received your swell package - thank's a million it sure is swell of you to send me all this stuff. New years eve is here and sove the new year, I sure hope all of you have a wonderful time, I'm hoping the New Year brings this war to a end and peace to all of us again. I hope you are getting all my day by day letters, I'm still writing them and sending them to you at the end of the week - How is Dads hand coming along, I sure hope it's better by now - tell pap I said to be careful, I'm on duty again as usual - midnight shift - it's 3:00 A.M. now - the weather has been swell - it's snowing out now, I bet it won't be long before we have plenty of snow - God bless all of you - Love Lurie
